

# Milk Jug Watering Can

**Parent Note:** Not suitable for children under the age of 3

## Materials:

- 1 Prairie Farms Gallon Milk Jug
  - Lighter (with help from a parent)
  - Large sewing needle (with help from a parent)
  - Craft Paints and brushes
- 

## Step 1:

Clean out empty milk jug with soap and water. Keep the cap and place it back on the jug tightly.

## Step 2:

Have a parent or adult take a lighter and heat the end of a large sewing needle so it is hot enough to break the plastic cap. Poke small holes into the cap. Make 10-15 holes.

## Step 3:

Paint jug and decorate as you wish.

## Step 4:

Fill jug with water and use watering can for seeds and plants.
